MSR-4XRS-5U

Base Model

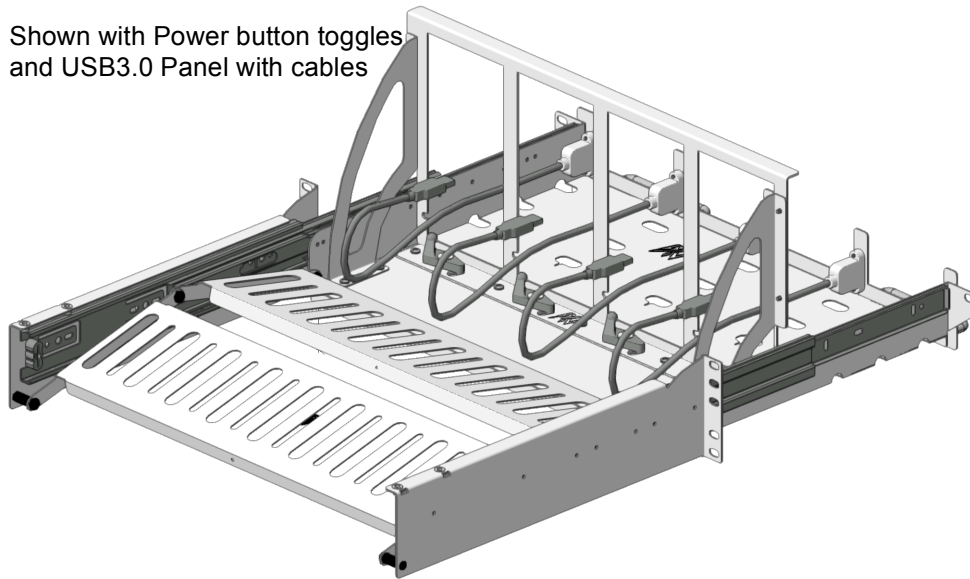

Shown with Power button toggles,
USB3.0 Panel and Rear Brace

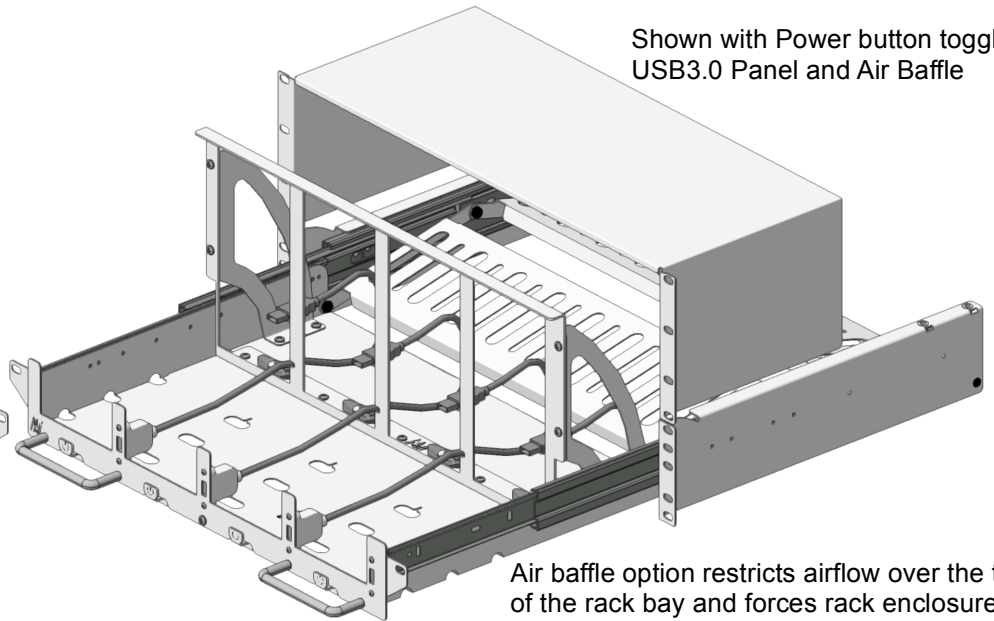

Shown with Power button toggles,
USB3.0 Panel and Air Baffle

Shown with Power button toggles
and USB3.0 Panel with cables

Air baffle option restricts airflow over the top
of the rack bay and forces rack enclosure
venting to draw more air through the
computers. Optional for applications with
strict air control specifications.
